

18 Clear & Succinct Ways To Wear A Tie

Most men use one tie knot their entire lives. You could say it's because we're creatures of habit -that we're boring- that we don't like to experiment and try new things.

Well, I think that's a bunch of BS! No, I think most of us tie one necktie knot as we don't have an easy guide showing us why and how to experiment with others ways to tie a tie. Well now you do!

Here are 18 very clear and succinct diagrams showing you how to tie various necktie knots for work and casual wear. The Knots listed are:
