Dupa cum toata lumea stie Jeff Bezos CEO **Amazon** este cel mai bogat om al platenei (cel putin la data acestui articol). A ajuns cel mai bogat om, datorita succesului pe care platforma online o are la nivel mondial.

Totul a inceput cu vanzarea on-line de carti si a ajuns la vanzarea on-line de... aproape orice iti poti imagina.

Avantajele pentru cumparatorii de pe Amazon sunt diversitatea foarte mare de produse si preturile mici.

In cele ce urmeaza, va voi arata cum sa-ti faci un cont pe Amazon.co.uk , cum poti sa comanzi din Romania si la ce costuri.

Cateva setari de baza pentru contul Amazon

The screenshot shows the Amazon.co.uk homepage. At the top right, there is a dropdown menu labeled "Hello, [REDACTED] Account & Lists". A red arrow points upwards from the bottom of the page towards this menu. The menu itself is a vertical list of links, many of which are highlighted in grey, indicating they are active or frequently visited. The links include: Your Lists, Your Account, Your Orders, Buy Again, Find a Gift, Create a List, Find a List, Save Items from the Web, Wedding List, Baby Wishlist, Kids' Wish List, Discover Your Style, Explore Showroom, Help, Sign Out, and Switch Accounts.

Recomandarea mea este ca, prima data cand folositi contul sa intrati in setarile contului, sa introduceti adresa sau adresele de livrare si sa setati o adresa principala (clic pe „Set as default“).

Dupa cum veti vedea mai jos, in momentul in care ati setat o adresa de livrare, pe pagina produsului dorit va va aparea si data aproximativa de livrare.

The screenshot shows the Amazon.co.uk search results for the term "camera". The search bar at the top has "camera" typed into it. The main content area displays several product listings, including an EZVIZ Outdoor Security Camera and an EZVIZ Home Security Camera. Below the products, there is a sponsored listing for a Sony Alpha 6600 camera. To the right of the products, the familiar Account & Lists menu is open, with a red arrow pointing specifically to the "Your Account" link. The rest of the menu options are visible but not highlighted.
