

21 Life Hacks Every Woman Needs To Know

In this fast-paced, busy world, it's easy to get stressed over the smallest of things. All you really need to do is breathe and try to find a better way. These 21 life hacks will help simplify your life from your beauty routine, packing for vacation, to the smallest day-to-day things. Now you can free up some time to focus on the more important things in life. Win-win.

Here are 21 life hacks every woman needs to know:

1. Use your flat iron as an... iron

via **Lifehacker**

Your flat iron is perfect for quick jobs or when you're in a pinch.

2. Upgrade your old heels with fabric

via **Delia Creates**

There's no reason to throw out last season's pair when you can give them a quick and easy upgrade.

3. Avoid runs in your tights by spraying hair spray on them

via **Let's Wear That**

4. Clear-coat your rings

via **Bit Square**

Is your skin sensitive to cheap rings? Avoid turning your fingers green by applying a clear coat of polish to the inside of your rings.

5. Smart packing

via **Real Simple / Thayer Allyson Gowdy**

Pack your shoes in a shower cap to keep the clothes in your suitcase clean while you travel.

6. Nail polish bottles stuck?

via **Lovelyish**

Wrap a rubber band around the lid for extra grip.

7. Stinky jeans? Try this:

via **Rawr Denim**

Leave your jeans in the freezer overnight. It'll „shock” the bacteria and make your jeans smell much better, without any washing.

8. Curl your hair with a flat iron

via **Ramshackle Glam**

Twist the iron rather than running it straight through your hair. The result? Fabulous, natural-looking curls!

9. Keep your buttons from falling off

via **Bulldog Clothing Company**

Apply a coat of clear nail polish to keep your buttons from popping off.

10. Give your bobby pins an upgrade with nail polish

via **Hopeful Honey**

Say goodbye to boring brown.

11. De-fuzz your sweater with a pumice stone

via **Lark About**

A disposable razor also works to remove fuzzies and pills. Just remember to use a lint roller afterwards!

12. Dry your hair with a t-shirt instead of a towel

via **Michelle Phan**

Rubbing hair with a towel can rough up the cuticle, causing frizz and breakage. Instead, opt for a super-soft tee.

13. Transport your bobby pins in a DIY case

via **Lovely Indeed**

This way, you won't have to go digging to the bottom of your

purse.

14. Stop your bra from showing

via **Muy Ingenioso**

Sew in a bra strap clasp to your favorite shirt to avoid visible bra straps.

15. Tuck non-skinny jeans into boots

via **The Todd & Erin Favorite 5**

Master the art of folding and using boot socks to fit even the widest flares into boots.

16. Tame fly-aways with dryer sheets

via **Fashion Lady**

Dryer sheets are a fantastic way to combat static hair, and they don't leave your hair greasy either.

17. Easily add keys to your key ring

via **Motoring About**

Don't wreck your manicure, just use a staple remover to slide your new keys on your ring.

18. Ran out of shaving cream?

Hair conditioner works just as well, and maybe even better! Baby oil also works.

19. Get rid of deodorant marks on clothes with dryer sheets

via Taste Style

If you're on-the-go, rubbing water on the stain also works too.

20. Keep your headphones from unraveling with DIY clips

via Life Love Liz

Your purse will thank you.

21. Get the perfect French manicure with a rubber band

via paper raindrops

So easy to do, and turns out amazing!
